

Did You Know? Socorro Electric Coop has stolen the voting rights of a majority of their member owners. By moving the meeting from a Saturday afternoon to WEDNESDAY, May 15th [Voting 1-3pm, Meeting 3pm] they have attempted to silence the continuing discontent with their corrupt rule. Most people with regular day jobs [who may not be able to get time off] will not be able to vote nor discuss coop business. They desperately want stifle the votes that will limit their money and power. We should all be enraged. Neither the board or management own the coop. WE DO.
