Re: Socorro Electric Cooperative, Inc,.–vs- Charlene West, et al,
Case # D-1314-CV-2010-00849

Gentlemen,

I understand that in the suit filed in Valencia County by the Socorro Electric Cooperative, Inc. (SEC) for a Declaratory Judgment, I am potentially a defendant as an unnamed member/owner of the Co-op.

I also understand that you represent Ms. Charlene West and Charles and Charlene Wagner, among others, in this matter.

I am hereby asking that any and all of your responses with regard to the defense of the above named defendants will be filed on my behalf as well.

Because I believe I share with the thousands of other member/owner defendants the common need to enforce those bylaw changes enacted April 17, 2010, and to require the board of trustees to follow them, as required by law, and to recover wasted assets misappropriated through their misfeasance, malfeasance, nonfeasance and self-dealing over the years, you are filing a countersuit against the Board and its individual board members.

You are also authorized and directed hereby to pursue any and every legal remedy available to attempt to recover those assets by way of filing that counter-suit against the Board and to include me in that portion of these legal proceedings as well.

I am informed by Mrs. Wagner that I will not be required to advance any funds toward this representation because the above named defendants have instituted a defense fund from which costs of suit will be paid, and that any legal fees for my representation will either be awarded by the Court, or will be a customary percentage of monies recovered, if any, in the counter-suit. Any monies I do choose to contribute to the defense fund will be refunded proportionately in the event that the court awards costs at the conclusion of suit.

Sincerely,
