

NOVEMBER 29, 2010 PRESS RELEASE -

There will be a Special Meeting on Tuesday, November 30, 2010, 5:30 P.M., 310 Abeyta St. for a presentation of the Cost of Service Study.

This study will have a major effect on the proposed rate increase. This meeting is open to members with the exception of the segment that deals with commercial accounts. Charlie thinks that this segment should also be open to the members but as usual, he is alone in this opinion. Just Charlie and the Open Meetings Act!

It might be wise to check with the SEC office on Tuesday to see if this meeting is still on as the Monday Special Meeting concerning the hiring of the new General Manager was canceled although the meeting was set up a vote of the entire board in an open meeting (Nov. 22, 2010).
