

July 27, 2011 Board Meeting -

Last night's meeting was a disgrace with lack of knowledge of meeting decorum again on display. If anyone is a worst chairperson than Paul Bustamante, it is the vice chairmen, David Wade, who chairs the meeting when Mr. Bustamante leaves to go to work. The video below show this much better than can be verbally described. The overriding theme is get Trustee Wagner at any cost - threats, lies, etc. It would require too much energy at the moment to confront all of the slander but a comment on the horror of Wagner speaking privately and quietly to this wife (she felt ill and wanted to let him know that she was going to go home) during the meeting is necessary because of the many tapes that we have of Mr. Wade talking to his daughter during meetings. Mr. Wade wasted quite a bit of time ranting about 30 seconds of conversation. Watching these tapes may be painful; however, they are informative. And they will play really well in court.
