

October 14, 2012 - Reform Committee Release:

The SEC Reform Group is supporting the candidacy of Ann Dorough in the District 5, Election for SEC Board of Trustees. We consider Ann to be the superior candidate as she has been working to reform the board for the past several years attending board meetings, annual meetings, and court hearings. Ann is aware of past, current, and future issues being familiar with the SEC Bylaws, the State of New Mexico Statutes governing rural electric cooperatives, and Federal Rules and Regulations. She is smart and dedicated to cleaning up this coop devoting time and effort to educate herself on electric coops. Being ready to take on this position, Ann is willing to spent the necessary time and effort doing the job of District 5 Trustee properly. Please vote for Ann Dorough.
