

Most of you have received the “Mail-In-Ballot” ([click here](#)) which tells you how to request ballot and the time periods. It omits a lot so we will try to fill in the blanks.

The date of the Annual Members’ Meeting is Wednesday, May 15, 2013. Voting/registration starts at 1 p.m.; business meeting starts at 3 p.m. Please Do Not boycott – the people who set this date and time did it to KEEP you away.

The “ballot” gives no details of what you are voting for or against. The assumption is that those details are contained in the “official Annual Member Meeting Notice ... released in the May edition of the Enchantment Magazine.” According to this notice which may or may not be official.

We do know that the legally passed proposed amendments to the By-laws passed in October 2012 at the District 5 meeting is being blocked from the ballot by the terrible trio of management, lawyer and board. An EMERGENCY MOTION FOR TO SHOW CAUSE in this matter has been filed with Mitchell the Judge by designation as this action is in violation of SEC bylaws and that Judge’s prior ruling.

We also know that the trustee amendments that failed by more than a five to one margin at the 2012 Annual Members’ Meeting are back on this ballot along with 3 proposed amendments from the floor at the 2012 meeting.

How do we tell what is what or which is which? Watch for the Enchantment and match up the ballot with the notice. We will be working on this problem and get the correct information out as soon as possible as we did last year.
