*RE: Petition Calling for Special Member's Meeting*

Dear Mrs. Wagner:

The SEC Staff has diligently checked every page of the petition for valid members including the missing page number 122 received on July 24, 2013. 742 of the signatures have been validated. The petition failed to acquire the necessary 10% of the membership of The Socorro Electric Cooperative as required by its bylaws, specifically Article III, Section 2, and consistent with Chapter 62, Article 15 NMSA 1978, "Rural Electric Cooperative Act".

Sincerely,

Joseph Herrera  
General Manager
