“The State Engineer's attorneys have asked for another extension of the deadlines for the filing of briefs in the Court of Appeals. The basis of the request was that the attorneys are busy with the State Legislative session.

”The Court granted the extension. Our Answer Brief is now due on March 12th, and the Augustin Plains Ranch's Reply Brief is now due on April 23rd. The Court of Appeals also indicated that no further extensions will be granted unless there are extraordinary circumstances.”
