From Douglas Meiklejohn – Attorney - NM Environmental Law Center

Subject: Judge Reynolds's memorandum

Congratulations! Judge Reynolds ruled in our favor on the Augustin Plains Ranch application.

From pp 5-6 of the Judge's Memorandum, is the part you will find of greatest interest: "By August 15, 2019, Counsel for the Community Protestants and Catron County shall jointly submit to the Court a proposed final order granting summary judgment and dismissing APR's latest application with prejudice. The people of New Mexico should not have their water tied up any longer with possibilities. If any party disagrees with the form of the order, they shall submit their own proposed order by August 20, 2019."
